SEPARATE PERMITS ARE REQUIRED FOR BUILDING, ELECTRICAL, PLUMBING, GAS, MECHANICAL, EXCAVATIONS AND OTHERS. THE PERMIT BECOMES NULL AND VOID IF WORK OR CONSTRUCTION IS SUPENDED OR ABANDONED FOR A PERIOD OF SIX (6) MONTHS AT ANY TIME AFTER THE WORK IS COMMENCED OR AN INSPECTION HAS NOT BEEN PERFORMED IN THE PREVIOUS 6 MONTHS.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of the laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any state or local law.

Re: Permit process requirements for Luling, Texas

1. The signature of the applicant. Signature of acknowledgement from the property owner is required if not applicant.
2. A statement of the intended use of the building, structure, site or operation to be conducted on the premises.
3. Job site must remain clean and free of trash/debris or construction material. Any visible trash, debris, and/or construction material from a public place will be considered a public nuisance and or a violation of the City of Luling Code of Ordinances. A private dumpster or commercially owned dumpster can be used on site to help reduce trash and debris visibility.
4. Address of jobs site must be posted for new construction and visible for the purposes of emergency personnel.
5. Plans must be computer generated or architectural. On a case by case situation for small projects, plans may be hand drawn as approved by the building inspector. All plans must be drawn to scale with the following information:
 - A. Name
 - B. Address
 - C. Owner Information
 - D. Property Lines
 - E. Adjoining Street(s) and/or Alley
 - F. Existing Structure(s)
 - G. Existing Utilities (water, sewer, electric, natural gas, propane, etc.)
 - H. Other Improvements (fences, patio, driveway, carport, water well, etc.)
 - I. Details of all proposed work (add-on room, detached storage, swimming pool, garage, etc.)
6. Building plans that show compliance with city adopted standards and flood plain regulations.
7. Foundation and structural detail plan including framing, roof trusses, load bearing walls, etc.
8. Plumbing detail plan including sizing, type, use elevations, (DWV, gas, potable water, etc.)
9. Electrical detail plan including load analysis disconnects, branch circuits, etc.
10. Mechanical detail plan including ductwork, SEER, BTU, REScheck, etc.
11. Specifications of materials including glazing, fire assemblies, etc.
12. Cost of Construction (estimated or actual) for Commercial work only

Survey or other approved instrument of the platted tract of land may be required. All zoning requirements including setbacks and off street parking must be met. Information submitted should clarify development. Not all items shall be required unless applicable (i.e. no plumbing in proposed structure, no electric, etc.)

Building permit is based on the cost of labor and material (International Building Code 2018) & (International Existing Building Code 2018) Residential Code (International Residential Code 2018)

Energy conservation code based on per item (International Energy Conservation Code 2018)

Electric permit based on per 2018 IRC & IBC (2017 NEC – National Electric Code)

Plumbing permit is based on per item and/or system (International Plumbing Code 2018)

Mechanical permit is based on per item, per equipment (International Mechanical Code 2018)

Gas permit is based on per item (International Fuel Gas Code 2018)
